"Bad boys, whacha gonna do when they come for you"? To quote from the song, Saleen Inc.'s paving the way with its "Ultimate Bad Boy Edition" which has been commissioned by Cannonball Run World Events, Inc. in tribute to the "The Great American Run."

Saleen has equipped the S281 "Extreme" Mustangs' [performance parts](#) with additional 50 horses to the world's fastest production Mustang that revs up 550 horsepower and 525 pound-feet maximum torque.

The 2007 Saleen S281 Extreme has also available aftermarket options such as:

- black-on-black paint color schemes
- a numbered golden plaque (provided by CRWE)
- an official "Great American Run" decals
- forged 5-spoke, one-piece wheels embossed in black
- 50 horsepower upgrade – VOIDS WARRANTY (aftermarket option available mid-year 2007 as a Saleen Speedlab product)

Owners of the Bad Boy Mustang may add upgrades such as scenic roof, tires, stereo system and other components. The "Ultimate Bad Boy Edition" will only be available to race entrants. The 550 horsepower Saleen S281 "Extreme" is currently available for purchase at "The Saleen Store" and Saleen Certified Dealers for those not participating in the event.

The Cannonball Run World Event highlights the arrival of Europe's most popular road companion. The winner of the event will grab one of the revamped 600-horsepower Bad Boy Mustangs as a prize. The inaugural U.S. event runs the whole gamut from July 29 to August 4 and is surprising in that the object is to complete the course with an average acceleration at or below the national speed limit. According to the organizers of the prominent event, the rally's objective is not who can reach the final destination first but rather who can most

closely gain an average speed of 61 mph over the 3,000-mile route. The event will include 400 cars beginning from four cities: Washington, New York, Miami and Atlanta. Saleen has signed on as the main sponsor of the event.
