## GO MOLLY

Friday 13th July

### Pretty in pink

Here's Molly Saleen (as in Saleen the Ford tuner) and her pink Mustang named 'Molly-Pop'.

The pair will be tackling the 'Great American Run' that begins on 29th July. The event starts from either Miami or New York and is a six day rolling convoy to Los Angeles complete with hidden stages along the way.

Molly-Pop has been upgraded to 500hp with 475 lbs ft of torque and features Saleen's Watts Link style suspension and a Saleen aero kit.

Molly comments: "I have been involved with the family business my whole life. I've also attended a number of racing schools along the west coast and driven everything from karts to high performance street cars."

"The Molly-Pop is like a sour candy," says Molly. "It looks sweet and inviting on the outside, but once you get mixed up with it, you're sorry you ever did."

We're not saying anything.

The overall winner of the rally (they're very keen to stress it's not a race) will leave with a nice, round \$1,000,000 and a limited edition, 550bhp Saleen 'Bad Boy' Mustang.
